Amatrol Robotics Camp

Amatrol, Inc. is hosting their annual Robotics Engineering Summer Camp that will be a fantastic experience for your graduating 8th and graduating 9th graders (next year's 9th and 10th graders). While the focus of the camp is on robots, attendees also will talk with members of the staff in engineering fields such as equipment design and software development. Sessions are June 17th-28th Monday – Friday 830-1130 or 130-430. Cost is \$40 and it is held at the Amatrol location in Jeffersonville. Flyers and applications are available in the high school office.

Message from the IHSAA

THE TEAM COMES FIRST

The team always comes first at our high school.

With traveling teams and club sports, it's all about the playing time and individual achievement.

But if your son or daughter plays a sport for our high school, it's important to understand that decisions about strategy, depth charts, and playing time are based on what's best for the team—not the individual. And what's best for the team is a decision that the coach, and the coach alone, is responsible for making.

One of the most important lessons that high school sports teach is that personal glory is not nearly as important as team success.

Be an important member of our team by always supporting our school's coaching staffs.

ATHLETICS: Physical Forms

Physical forms are available in the high school office or online at

<http://www.ihsaa.org/Portals/0/ihsaa/documents/quick%20resources/IHSAA%20PPE%202016-17.pdf>.

A current physical form must be on file to participate in any sport, This is a state rule from the IHSAA. All pages MUST be completed!
