Soaring Eagles - Week of September 19th - 23rd!

This week's Soaring Eagles are Barrett Coffey, Ezra Smitley, Adilyn Wernert, Emersyn Taurman, and Ryland Trader! Way to go, everyone and congratulations!

College Go Week!

Next week, Lanesville Elementary will be celebrating College Go Week! This is an annual, statewide event to promote enrollment in two- and four-year colleges across Indiana. It is never too early to talk to students about college and career opportunities. Each day, students will compete for "college swag" by answering trivia questions over the announcements! Want to get a head start? Talk to your kids about colleges your friends and family have attended. What did you love about it? What kind of degree did you need for your career? Be sure to encourage your kids to talk to LES staff about their experience as well!

Intersession/Fall Break!

Fall break will be from October 3rd through October 14th. Intersession will be the first week of fall break, October 3rd through the 7th.

5th & 6th Boys Basketball

Basketball tryouts for 5th & 6th grade boys will be October 17th - 20th. Those trying out need to have a physical on file. Physical forms are available in the high school or on our website at <http://www.lanesville.k12.in.us/wp-content/uploads/2021/07/Physical-Form.pdf>.

Reach for the Stars

We are in full swing with Reach For the Stars. Encourage your student to read the next few weeks and note their reading time on their reading log or a piece of notepaper. We have an online pledge form this year, if you wish to ask family members not close to contribute to the Reach For The Stars fundraiser. Pledges can be made in cash, checks payable to Lanesville Elementary School or online here: tinyurl.com/RFTSonline-LES22. Both the reading and pledge money are due back at school by Wednesday, Oct. 19. Those students who return pledge money will select their free Usborne Books at school Oct 24, 25, & 26 in the library. Students will receive 80% of their pledge money back in free Usborne Books. We are honoring the class with the most pledge money & reading minutes per student with a popcorn movie party. Those students who bring in \$100 in pledge money AND a reading log with at least 300 reading minutes will be invited to an ice cream party hosted by Culver's here at school on Monday, Nov. 21 at 1:30pm. This is a wonderful reading program which also supports Lanesville Elementary. Thank you in advance for your support. If you have any questions on this program please contact Ms. Beckort.

Mrs. Steele's Counselor's Corner

Happy Friday LES Families!

Your kiddos have been working hard in guidance over the last 2 weeks! We are still talking about bullying, kindness, and friendships throughout the building.

Last week, I met with K, 1st, and 2nd graders.

Kindergarten: We focused on "kind hands" and read the book, "Hands are not for hitting." We talked about all the great ways we can use our hands like waving, drawing, making music, and building! Then, each student got to decorate their own kindness hand!

First: As part of bullying prevention, first graders continued discussions about kindness and friendships. We read the book, "Peanut Butter and Cupcake," which the students loved! Even though peanut butter didn't "go" with meatballs or hamburgers, or soup- he discovered that he could be friends with all of them!

Second: Our second graders learned about tattling vs. reporting. This was a great discussion because students realized that they had the potential to be problem solvers of their own. We read, "Tattle Tongue" and learned the 4 Tattle Rules. Can your kiddo tell you all 4 of them?

This week, I met with 3rd, 4th, 5th, and 6th graders.

Third: Third graders got to be superheros and learn how to S.A.V.E. the day! They learned the 4 steps to conflict resolution and had an opportunity to show off their acting skills with skits. Students learned that when they are involved in a conflict, they have the skills to be a problem solver! S: Say how you feel, A: Acknowledge how the other person is feeling, V- Very respectful conversation, and E: Engage in a win-win solution!

Fourth: In fourth grade, we started talking about anxiety and how our body gives us signals to tell us we are feeling anxious (jumbled thoughts, heart racing, fidgety). Students discussed different worries they may have- grades, upcoming tests, a friend argument, or trying something new. Next lesson, we will build on what "worries" we have control over and which ones we don't, and how to handle that!

Fifth: We had so much fun in guidance this week! As we built upon cyberbullying, students were tasked with creating their own social media app or game with the stipulation that it had to be BULLY FREE! This was tough because students quickly realized that no matter how many precautions they put in place, it's hard to keep it from happening.

They will continue this project into the next lesson!

Sixth: Our sixth graders finished their cyberbullying research and decorated their cyberbullying posters! Each group was tasked with researching different parts of cyberbullying and making an awareness poster for our school. They will be presenting these to our 5th grade classes and then their posters will be displayed in the hallway!
