LANESVILLE COMPENSATION SYSTEM DESCRIPTION

General Eligibility:

- A. Teachers that satisfy the evaluation factor (an Effective or Highly Effective *evaluation* for the 2022-2023 school year) and the academic need factor will transition to the 2023-2024 salary schedule which has an additional One Thousand Seven Hundred Dollars (\$1,700) added to each step. Following the transition, each teacher that has satisfied the compensation model factors will move down the schedule one step. The total base pay raise for the 2023-2024 school year is Two Thousand Nine Hundred Dollars (\$2,900).
- B. Teachers that satisfy the evaluation factor (an Effective or Highly Effective *evaluation* for the 2023-2024 school year) and the academic need factor will transition to the 2024-2025 salary schedule which has an additional One Thousand Two Hundred Dollars (\$1,200) added to each step. Following the transition, each teacher that has satisfied the compensation model factors, will move down one step. The total base pay raise for the 2024-2025 school year will be Two Thousand Four hundred Dollars (\$2,400).
- C. Teachers may move on the new salary schedule if they have taught in the school corporation the prior year and have completed an evaluation rated effective or highly effective. The corporation increase is based on a year of experience, evaluation rating and academic needs defined as the assignment of instructional roles.

Factors and Definitions:

A. Evaluation Rating:

Any teacher whose evaluation rating is Improvement Necessary or Ineffective will not be eligible for any salary increase or movement on the salary schedule. The exception would be teachers in their first two years of instructing students, regardless of evaluation rating.

B. Academic Needs of Students:

Ensuring educational continuity for students by retaining teacher leaders who satisfy the evaluation rating and whose current salary is less than \$68,600 in Career Level I, or less than \$74,000 in Career Level II for 2022-23 or is less than \$70,300 in Career Level I or less than \$75,700 in Career Level 2 for the 2023-24 school year.

C. Career Level:

Career Level I is defined as teachers currently holding a Bachelors' Degree. Career Level II is defined as teachers currently holding a Masters' Degree in a content area or in a content area approved by the Superintendent. A teacher can move across a row from Career Level I to Career Level II by obtaining a Masters' Degree. The movement cannot occur during a school year. Movement across a row is based on creating a capacity for improved skills among teacher leaders.

Distribution:**2023-2024**

Evaluation rating - \$800
Academic Needs - \$400

2024-2024

Evaluation rating - \$800
Academic Needs - \$400

Placement of New Hires

The placement of new hires will be commensurate with current hires having the same education and years of experience. The corporation does have the ability to place two new hires each year on the four levels of its choosing on the salary schedule to meet academic needs. Any movement beyond would require discussion with the association.

Redistribution

Money that would have been paid to a teacher receiving an Ineffective or Improvement Necessary rating will be distributed equally among all teachers receiving an Effective or Highly Effective rating in the form of a stipend. The redistribution shall be made to all eligible teachers in the form of a stipend and shall be distributed within 30 days of the final determination of evaluation ratings.

Rehiring Retired Teachers

- A. All retired teachers hired by the school district shall be included in the bargaining unit.
- B. A teacher who has retired from teaching may be rehired to teach part-time or full-time, depending upon the school district's needs. Part-time teachers will receive salary on a pro-rated basis.
- C. Rehired retired teachers shall begin at Row 4 on Lane 1 for a retired teacher with a bachelor's degree or Row 4 on Lane 2 for a retired teacher with a master's degree, whichever is appropriate.
- D. Returning retired teachers' benefits shall include all contract benefits
Except:
 1. Severance and retirement benefits provided by this agreement.
 2. Retired teachers eligible for Medicare benefits will not be eligible for health insurance benefits.

E. Neither the School District nor the Association will be liable for any problems the returning retired teacher may have with the Indiana State Teachers Retirement Fund (ISTRF), the Social Security Administration, or the Internal Revenue Service (IRS) regarding his/her original retirement, his/her return to teaching, or subsequent second retirement.
